**III. LOCAL VENDOR PREFERENCE CLAUSE:**

This is to acknowledge and verify that a Local Preference is included in the Mono County code. "The Mono County purchasing agent may in his or her sole discretion give preference of up to five percent to responsible local vendors, where the quality of the equipment, supplies, or services offered by local and nonlocal vendors is equal. In other words, the purchasing agent may approve a purchase wherein the price paid by the county to a responsible local vendor is five percent higher than the price the county would otherwise have paid to a responsible non-local vendor. A vendor shall be deemed "local" if his or her place of business is located in either Mono County or in the general vicinity of the City of Bishop in Inyo County. The rationale for allowing such a local preference includes assisting the county's economy, increasing local sales tax revenues, and encouraging new businesses to locate in the county. The purchasing agent may utilize any method of evaluating bids or quotations that achieves this purpose, including but not limited to deducting the amount of the preference from bids or quotations submitted by responsible local vendors and then comparing them to bids or quotations submitted by non-local responsible vendors. The purchasing agent's final decision of whether and how to give a local preference in the context of a particular purchase shall be made prior to any solicitation of quotations or bids."

This information is hereby incorporated into the Vehicle Bid Form.
