2014 County Vehicles and Assigned Drivers

All Deputies have assigned take home vehicles for Immediate Response for law enforcement purposes. Employees that live out of state keep their units at the Walker Fire Station, they do not take them into Nevada. Spare Units are maintained due to any issues that might arise with in-service vehicles that need to be taken out of service. All Jail vehicles are used for transports to and from our facility, along with work details. SAR vehicles are maintained in various locations throughout the county. OHV vehicles are specifically Quads. No one has take home vehicles other than employees that could be needed by Call-out for immediate response.
