**STATEMENT OF CANDIDATE FOR
U.S. REPRESENTATIVE, 8TH DISTRICT**

PAUL COOK

Occupation: United States Representative

Education and Qualifications: When I joined the US Marine Corps, I did so to protect our American ideals and freedoms. After 26 years of military service, with two Purple Hearts and a Bronze Star in Vietnam, I continue this effort in Congress. I ask for your support.

This election is an opportunity for Americans to choose leaders who will give them a stronger voice in Washington. I have three main priorities as your representative:

1. Ensuring the security of Americans both at home and abroad. Terrorists want to destroy our freedoms and I'll use every tool available and my experience as a Marine Colonel to keep us safe. I voted for legislation to stop domestic terrorists before they strike and prevent foreign-born terrorists from entering our country.
2. Creating and keeping American jobs that pay real wages. I stand with American workers and American industries. With a middle class threatened by excessive taxes, a high cost of living, and jobs fleeing overseas, Congress must put our workers first.
3. Improving education. As a former educator, I know what a good education can do to transform lives, raising someone out of poverty and into prosperity. I've supported increased vocational training and reduced interest rates on federal student loans.

As your Congressman, please join me in continuing our fight in Washington.

I'm honored to have the support of Mono County Supervisors Tim Alpers and Tim Fesko for my candidacy.

**STATEMENT OF CANDIDATE FOR
STATE ASSEMBLY, 5TH DISTRICT**

ROBERT CARABAS

Occupation:

Education and Qualifications: As I look around my district I am deeply concerned about the lack of opportunities for young people, which were plentiful when I was a kid. For years, like many of us, I wanted to believe that this problem would solve itself, or wasn't as bad as I thought. With the arrival of the first of five grandchildren however, I felt driven to stop talking about the issues and run for political office, to find workable solutions, and help rebuild the American Dream for everyone's children and grandchildren.

This isn't my first time in the political arena. When the infrastructure of the Berkeley Public Schools was crumbling around my children, I worked tirelessly with other parents to pass a bond measure that rebuilt every school, provided books, supplies and materials, while reducing class size. My experience as a corporate credit manager was key to crafting a measure that had parent, teacher and administrator oversight at each school, was fully funded, and was successful in improving Berkeley's public education in the short and long term.

We need to take this approach statewide. We need to focus on rebuilding infrastructure, reducing healthcare costs, and responding to the changing climate, all while creating living wage jobs so that our citizens can participate in our local economy.

And, perhaps most importantly, I will represent all voters in this fight. I refuse to take donations over \$200, because special interests take care of themselves, not the children and grandchildren that we need to protect.

**STATEMENT OF CANDIDATE FOR
STATE ASSEMBLY, 5TH DISTRICT**

FRANK BIGELOW

AGE: 62

Occupation: Rancher/Businessman/Assemblyman

Education and Qualifications: As your Assemblyman, you've put your trust in me to protect taxpayers from Sacramento's out-of-control spending and to defend our way of life. Despite all the work we've done together, it's clear there are many problems left to solve.

That's why I'm asking for your trust to continue our fight for a stronger economy, a smaller state government, additional water storage for our communities and the quality education our children deserve.

Our region's unemployment rate remains higher than the rest of California and we simply must take action to provide economic opportunity for those who are out of work.

That opportunity starts with a strong education. That's why I supported a plan to invest in early childhood education and ensure our local schools get their fair share. And it's also why I'm supporting a proposal to help our schools build new facilities to help all our children succeed.

When it comes to strengthening our economy, I'll continue to work on policies that not only create new jobs, but also keep the ones we have from being lost to other states.

And I'll continue to be an outspoken voice to help deliver water to our communities and invest in water storage projects for the future.

I'd be honored with your trust and your vote to continue our fight for local jobs and a stronger local economy.
