(Starting June 1st)

The expiration date of the license will match the month and day of the rabies vaccination. When the rabies vaccination expires, the license validity also expires. You may choose either options below:

- Purchase a license term to coincide with the expiration date of the rabies, to allow renewal of both vaccination and license at the same time. (Multiple year term)

OR

- Purchase a year-by-year term to expire according to the month and day of the rabies vaccination.

To purchase a license online visit www.docupet.com

Term	Unaltered Dog	Altered Dog (Proof Required)
1 Year	\$20	\$10
2 Year	\$40	\$20
3 Year	\$60	\$30

Additional information and Safety Considerations

- Animals must be secured! Dogs on leashes and cats in carriers while waiting to be served.
- Mammoth Lakes, Inyo County and Nevada residents:
Please feel free to take advantage of the low cost vaccination clinics but keep in mind that you need to purchase dog license in their own jurisdiction.
- Rabies vaccinations: \$10.00.
Canine and feline vaccinations/boosters will also be available.
- Please bring last year's license receipt.
If corrections need to be made to your dog license application form, please advise staff at the time of licensing.
- **If you have a dog that may be aggressive or difficult to handle**
