Please state briefly any experience of which you feel will be helpful when you serve in this appointment: I have worked alongside many of the Mono County public service agencies over the past six years during my tenure here at ESUSD. I continue to work collaboratively with Mono County Office of Education and Mammoth Unified School District to make continuous improvements for our Mono County youth.

Other information may be submitted by resume if desired.

Summary of background and skills: I've been in education for twenty years working in both teaching and administration with the greater part of my career spent in administration. I've worked in both small and large school districts in California. I see great value in coming together to make collective decisions for our local communities in Mono County.

Professional experience: _____

Superintendent- Eastern Sierra USD from 2019-present

Superintendent -Lone Pine Unified School District from 2014-2019

Teacher – Victor Elementary School District from 2005-2004

Education: Masters in Educational Administration, Bachelors degree in Public Administration, Teaching credential, Administrative Credential

Professional and/or community organizations: I currently sit on the Board for the Small School District's Association which serves to advocate for small public and charter school districts throughout California. I also sit on the Student Attendance Review Board (SARB) as needed. In my school district, I build agendas (alongside my Board President) and help to facilitate productive, informative, respectful board meetings.

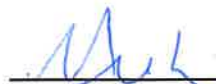

Personal interests and hobbies: I spend most of my 'free' time being a mother to my three beautiful children who all attend our Coleville schools at ESUSD. My new -found hobby is running (which I thought I'd never enjoy). I find great peace sitting in the sun near water in our beautiful county!
