

FREQUENTLY ASKED QUESTIONS

What does the \$65 subscription fee cover?

A subscription protects members from any out-of-pocket expenses related to, medically necessary, emergency ambulance transportation. We will bill your insurance for the transport and will accept whatever is paid as “paid in full”.

What happens if I’m not a subscriber and I use the emergency ambulance transportation?

Whether or not you are a subscriber, you will always receive the highest level of emergency treatment and transportation. As a non-subscriber, however, you will be billed for the service. You may give your bill to your insurance company but you will be responsible for any unpaid balance.

What if I have insurance through Medi-Cal or my insurance doesn't require a co-pay or deductible?

If you are a Medi-Cal or Medicaid recipient or your insurance does not require you to pay a co-pay or deductible for ambulance transportation, this program would not be beneficial to you.
