

CEQA Process

Rodeo Grounds Specific Plan Process

- Specific plan/environmental processing:
 - Complete application received
 - Environmental Scoping
 - Consultants retained
 - Draft specific plan/environmental document prepared (CEQA/NEPA) including market/fiscal impact studies, new state-mandated water study, peer design review with June CAC
 - Public review & comment
 - Final documents prepared; comments back to agencies
 - Planning Commission hearing
 - Board of Supervisors hearing and decision

Our Goal: A model document that is consistent with the June Lake Area Plan, that provides clear vision, an appropriate level of specificity, and is easy to implement and monitor
