The Walker Fire, located north of Walker Lake, is estimated to be 1,200 acres and with no containment at this time. The fire is being managed in unified Command with Mono County. Walker Lake is located northwest of June Lake, on the north end of the June Lake Loop.

The fire was very active today. Fire behavior was slope and wind-driven, growing to the north and east. The fire is expected to remain active tonight with low night-time relative humidity and temperature recovery.

### Closures and Evacuations:

- Walker Lake "Fishing Camp" has been evacuated.
- A CodeRed Emergency Alert notice has been issued for Lee Vining and everything north of Double Eagle in June Lake (including Silver Lake and Grant Lake areas) for potential evacuations. This was a NOTICE only to let people know there could be potential evacuations.
- Highway 120 West (Tioga Pass) between Highway 395 and Blue Slide (approximately 5 miles up-canyon from Highway 395) is closed.
